

# CURRENCY

## CURRENCY SYMBOLS:

£ pound

p pence

\$ dollar

€ euro

100 pence (100p) makes one pound (£1)

The symbol for pence is written **after** the amount whereas the symbol for pound is written **before** the amount.

£

1,000,000

.00

The pound symbol (£) is written directly before the value.

Commas are added from three places from the decimal point to help people read big numbers.

Full stops are used to show the decimal point, which separates full number from fractions.
