

# GIVE IN VS. GIVE UP

Fluency Boost - Shopping, Numbers & Colours

Beginner (KS1/2)

**Learning objective:** To be able to recognise the different uses of the phrasal verbs 'to give in' and 'to give up' and to create sentences with some of those meanings.

## Instructions:

- Print out the 'Give in vs. Give up' worksheet (pages 2 and 3).
- For activity A, pupils match the pictures with the sentences which are describing. This can be completed with scissors and glue or by numbering the pictures with the number of the sentence they correlate to.
- Pupils can then move onto activity B, where they can read the different meanings that 'give up' and 'give in' can have. Then, pupils must decide which meaning is being shown in each sentence and put the sentence number in the table.
- Review the different meanings of 'give up' and 'give in' and invite pupils to give their answers.
- Pupils will then move onto exercise C, where they will write their own sentences using 'give in' and 'give up'. Encourage them to use the table in exercise B to inspire them to use the range of meanings of 'give up' and 'give in' in their written work.

## Materials required:

- 'Give in vs. Give up' worksheets (pages 2 and 3)
- Scissors
- Glue

### Tip!
